

To the residents of Leidsevaart and the surrounding area,

Dear residents,

As you may have read in the media, Energy Cooperative Lisse has taken the initiative to give the former landfill site on Loosterweg Zuid a new purpose.

We are investigating the possibility of developing this location into a solar garden. This would allow us to make an important contribution to the generation of sustainable energy in Lisse. At the same time, the project offers opportunities to significantly enhance biodiversity on the site.

The plans are becoming increasingly concrete. We therefore believe it is important to inform and involve local residents at this stage. We would very much like to hear your questions, ideas, suggestions and any points of concern. This will allow us to assess whether and how these can be incorporated into the further development of the plan.

We cordially invite you to an information evening on:

Wednesday, 16 September 2026

Location: Fa. Hogervorst

Schippersvaartweg 56, 2211 TL Noordwijkerhout

Programme

- 19:30: Welcome with coffee and tea
- 20:00: Presentation of the plans
- 21:00: Opportunity for questions, comments and informal discussion
- 21:30: Closing

To help us prepare for the meeting, we kindly ask you to register in advance using the link or QR code below:
